Dear Josh -

Attached is a copy of the
Federal Register notice (Sept. 4, 1975)
mentioning the \$1,000/rem figure.

Regarding our occupational
standards petition: EPA has ruled against
us, but NRC is still considering it.

Tom would appreciate a letter supporting
the petition from you. If you write a
supporting letter, send it to Robert B.
Minogue, Director, Office of Standards
Development, NRC, Washington, D.C. 20585
I do not have the NRC docket number for
the petition.
